- Replacement parts available
- Minimum radius: 10"

PROTOTYPE AND BACKGROUND INFO:

GATX's North American tank car fleet consists of more than 59,000 cars with nearly 70 different types serving the chemical, petroleum, transportation, agriculture, food, mineral, and plastics markets. Major car groupings include general service and high pressure, and cars used to carry various types of acids and other specialty products. Customer logos can occasionally be found on GATX leased cars. These cars can be found interchanged all over North America on all major and short line railroads.
