Many of BNSF’s SD75Ms were in storage by 2014-2015. The 20+ year old units were definitely past their prime at this point; however, most of them still had a future. Norfolk Southern bought a total of seven units, to become NS 2800-2806. In addition, Progress Rail Leasing (PRLX) bought a large group of the units. They arrived to PRLX wearing several paint schemes, including the Santa Fe Warbonnet as well as BNSF’s Heritage II paint. The units were hastily patched and placed into service; as of this writing they are leased to CN and KCS, but future leasing assignments are likely.

**PRLX FEATURES:**
- All PRLX locomotives are Primed for Grime with road number specific patches and fading

**w/o Sound** $229.98<sup>SRP</sup>  **With Tsunami² Sound** $319.98<sup>SRP</sup>

HO SD75M Diesel Locomotive

Burlington Northern Santa Fe

Announced 11.22.19
Orders Due: 12.27.19
ETA: November 2020

BNSF H3 FEATURES:
• Overhauled by Progress Rail; repainted into BNSF Heritage III scheme

BNSF RED & SILVER FEATURES:
• In-service version with FRA yellow reflectors on sill and anti-skid on nose

BNSF RED & SILVER FEATURES:
• Currently in service on the BNSF

SOUND EQUIPPED MODELS ALSO FEATURE
• Onboard DCC decoder with SoundTraxx Tsunami2 sound
• Sound units operate in both DC and DCC
• Engine, horn, and bell sounds work in DC
• All functions NMRA compatible in DCC mode
• Precision slow speed control
• Program a multiple unit (MU) lashup with lead unit only horn, bell, and lights
• Many functions can be altered via Configuration Value (CV) changes
• CV chart included in the box

PRIMED FOR GRIME MODELS FEATURE:
• Duplicated look and feel of “In Service” equipment; “Tattered and Torn” just like the real thing
• Faded base colors matched to the prototype
• Patches applied and shaped per road number matching each corresponding side to the prototype
• Perfect starting point for adding grime and rust

LOCOMOTIVE FEATURES:
• DCC-ready features Quick Plug™ plug-and-play technology with 21-pin NEM connector
• LED Lighting for realistic appearance
• Coupler cut levers
• MU hoses
• Trainline hose
• See through cab windows
• Full cab interior
• Walkway tread
• Fine-scale Celcon handrails for scale appearance
• Windshield wipers
• Lift rings
• Wire grab irons
• Detailed fuel tank with fuel fillers, fuel gauges, & breather pipes
• Sander lines
• Genesis driveline with 5-pole skew wound motor, precision machined flywheels, and multi-link drivetrain
• All-wheel drive with precision gears for smooth & quiet operation
• All-wheel electrical pickup provides reliable current flow
• Wheels with RP25 contours operate on all popular brands of track
• Heavy die-cast frame for greater traction and more pulling power
