All Road Names

MODEL FEATURES:

- Removable load
- All 5 packs come with unique road numbers
- Separately applied brake wheel and wire grab irons on side ladders
- Accurately painted and printed for prototypical realism
- Newly-tooled, highly detailed, injection-molded body
- Body-mounted, McHenry® scale double-shelf knuckle couplers
- Weighted for optimum performance
- Fully assembled and ready for your layout
- Machined metal wheels with RP25 contours operate on all popular brands of track
- Minimum radius: 18"

NEW FEATURES:

- All new tooling with increased fidelity
- Separately applied metal grabirons & end cages. No more molded railings!
- Detailed train brake line piping.
- Etched stainless steel brake wheel platform.
- Accurately scaled hopper door linkage with re-shaped weight for better see-through effect.

PRIMED FOR GRIME MODELS FEATURE

- Duplicated look and feel of "In Service" equipment
- Faded base colors matched to the prototype
- Perfect starting point for adding grime and rust
